

ORGAN MUSIC

from the wellknown and popular
norwegian composer

MONS LEIDVIN TAKLE

His compositions, with a fresh and often humorous and playful expression, are well known and used for masterclasses and performances all over the world. Within his repertoire you will find both jazz, blues and folktune styles. A master of elaborating well known styles and forms.

His last booklet “DREAM OF TODAY”, published November 2012, includes 12 titles inspired from Greek and Mediterranean music.

Find good examples and music videos on the composers website www.monstakle.no and on Youtube.
